This book surveys the most important computer algorithms currently in use and provides a full treatment of data structures and algorithms for sorting, searching, graph processing, and string processing ...

Algorithms, Fourth Edition [Book] - O'Reilly Media

Solutions to the exercises of the Algorithms book by Robert Sedgewick and Kevin Wayne (4th editon). I found the book to be an excellent resource to learning algorithms and data structures. Since there are not many (almost none) solutions of the exercises on the Internet and the only ones available are incomplete, I decided to share my work on the exercises.
