Communications, news, or media, is a particular branch in Communication studies or media studies which studies the power relations that shape the communication of information from the mass media to its publics. This concept has been developed by media and political economy scholars such as; Dallas Walker Smythe, Herbert Schiller, Graham Murdock, Peter Golding, Vincent Mosco, Dan Schiller, and Robert W. McChesney. PEC analyzes the power relations between the mass media sy

Political economy of communications - Wikipedia

The political economy of the media is committed to enhancing democracy. It first arose in the 1930s and 1940s, blossomed again in the 1960s and 1970s, is often associated with the political left, and that's a key reason for its decline in the past few decades.
